

Subsidies for International Representation

LVO will support members selected to represent club and country at international and inter-regional foot-O and trail-O competitions held outside Northern Ireland. Each individual will be reimbursed up to 33% of reasonable costs, such as entry fees, budget travel, budget accommodation and meals, up to a limit of £100 per trip and £300 per calendar year.

Claims should be submitted to the committee, accompanied by receipts. Reimbursements will be made once total claims are known towards the end of the year. Annual funding from the club will be capped at £1200, therefore individual amounts awarded may be reduced depending on demand. Beneficiaries are expected to be committed members who assist with running events or other club activities. All awards are at the discretion of the committee.

Additional funding may be made available in special circumstances and depending on the club's other financial commitments.

In addition, the club will continue to pay the entry fees for LVO relay teams entered in the Irish Relay Championships (when hosted outside Northern Ireland), British Orienteering Relay Championships and the JK Relay Championships.
